

REMARKS

The present amendment to the specification corrects a typographical error in the specification, in which a sequence was given the wrong identifier (SEQ ID NO:28 was identified as SEQ ID NO:10 on page 20). In addition, the substitute Sequence Listing submitted herewith corrects an error in the sequence listing, in which one sequence was inadvertently listed twice: the sequence for SEQ ID NO:28 was listed twice, once correctly as NO:28 and once incorrectly as NO:10. The correct sequence has been inserted at SEQ ID NO:10. The sequence for SEQ ID NO:10 was present in the specification as filed at page 6, line 21, and claim 30.

A substitute sequence listing and copy in computer readable form are submitted herewith in compliance with 37 CFR §§ 1.821 and 1.825.

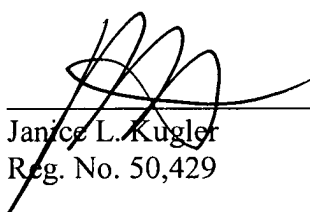

No new matter has been added by the present amendments, or by the substitute sequence listing on paper or in computer readable form.
